

\_\_\_\_\_ alongside the top high school dance students in the country.

"The Class of 2020 is full of remarkable students, and the talented members of the A.B. Miller Conservatory of Dance are no exception," Fontana Unified Superintendent Randal S. Bassett said. "I congratulate our students on their well-deserved recognition and wish them all the best as they pursue academic degrees and professional opportunities."

NHSDA is a program of the National Dance Education Organization and recognizes the achievements of students studying dance in public and private K-12 schools. To be inducted into the NHSDA Secondary Program, students must maintain a high GPA and accumulate points based on dance activities, such as dance classes, rehearsals, performances, research, workshops or community service activities. Students must also demonstrate collaboration, motivation and leadership across multiple aspects of dance.

The A.B. Miller Conservatory of Dance offers students a high level of dance education and training, making it the premier dance conservatory of its kind in the Inland Empire. The conservatory provides students with the opportunity to attend prestigious institutions across the country. Conservatory graduates have become professional dancers with the Inland Pacific Ballet, Shen Wei Dance Arts and Intersect Dance Theater; others are pursuing dance-related careers in physical therapy, nutrition and education.
