Mr. Hawthorn welcomed Mrs. Binks back, and requested a copy of the board policy regarding performance appraisals be provided to Board members.

Mrs. Mancha also welcomed Mrs. Binks back, and asked whether the District had enough textbooks, or would there be students who would not have textbooks. She also mentioned a presentation she and Dr. Ruble had attended at Mango Elementary school that provided information on not leaving children unattended in cars. She then asked about the proposed water rate increase and what was happening in regards to that issue.

Mr. Tom Sawyer, District Counsel,

Mr. McClure welcomed Mrs. Binks back, then welcomed back the High School students and staffs, mentioning that with Fontana Unified being a year-round school district it was easy to forget that the high schools were still on a traditional school schedule, and that he was of the understanding that all of the high schools were off to a good start.

Board Member Comments, continued

Mrs. Binks thanked all who had send her cards, flowers, letters of support and most of all prayers during her recovery; her experience was one she would not want to wish on her enemies. She reflected on her past 40 years in Fontana, how the district was like a team and family to her, and that all involved with the district needed to work together to make the district not only the best in the State but also in the United States.

Dr. Bradley expressed pride on behalf of all Fontana Unified District Employees for Mrs. Binks' return. She then welcomed the high schools and their students who were back on campus for the first time of the new school year, and thanked those behind the scenes for the smooth openings.

Superintendent Comments

Dr. Peoples announced the Boundary Review Committee had met the week prior to review various proposals for the boundaries of Lime Elementary and Wayne Ruble Middle Schools, and that a series of public hearings would be held. District principals affected by the new boundaries would be advised of the scenarios that would be presented and available for public discussion and that in November the committee would make its recommendations to the Board.

Administrator Comments

Dr. Ruble commented on the Boys and Girls Club at Almeria Middle School, currently serving about 200 students a day, and the Fontana Teen Center, currently serving over 300 students a day, and thanked the District Transportation Department for after-school transportation services being provided not only to those two centers, but also to the Jesse Turner Center in north Fontana.
